

Securing our Future Conservatives

Since 2010 we've been working to a long-term economic plan to turn Britain around

- ✓ **There are now a record number of people in work in our country.** *The overall jobless count in this area has fallen by 68% since 2010. That's more people in work providing for their families or young people getting in to work for the first time.*
- ✓ **We've raised the personal income tax allowance to £10,000 and will increase it to £12,500 if we remain in Government.** *Currently no-one working a 30 hour week on the minimum wage will pay any tax.*
- ✓ **This Government has frozen petrol duty and council tax, abolished Air Passenger Duty for under 12's and helped thousands get on the property ladder through the Help to Buy scheme.**
- ✓ **The state pension has increased by £800, we've protected key pensioners benefits (and will do again if re-elected) and abolished the unfair annuity rule for over-75's.**
- ✓ **We've capped benefits to reward work and will raise the higher rate tax threshold from £41,900 to £50,000.**

All possible because Britain now has the fastest growing economy in the Western World

STEVE BRINE FOR WINCHESTER & CHANDLER'S FORD Conservatives

"On Thursday 7th May you will have the chance to vote in what I think is the most important and unpredictable General Election in years.

It will be about the kind of MP you want locally but it is also about the

Government you elect to run the country. Remember, either David Cameron or Ed Miliband will be in No.10 so your vote here matters a great deal.

So many local people put their trust in me last time and I hope I've repaid that by doing exactly what I promised; to be first and foremost a good constituency MP. I have utterly rejected negative campaigning these past five years and can promise you I will run a 100% positive campaign over the next few weeks.

As a strong and now experienced Member of Parliament, I am able to get things done locally; £10m secured for new school places, making the local NHS my top priority and helping to deliver complete re-surfacing of the M3 to reduce motorway noise are just a few examples.

I am also able to make an impact on the national stage in areas such as justice, health and transport policy. I hope you can support me to continue as our local MP and ensure we return a Conservative Government next month."
