Central Post Office threat

Relocation to WH Smith is back on the agenda as consultation begins

Post Office Ltd has confirmed its intention to relocate Winchester's Crown Post Office - to WH Smith!

The move is part of a nationwide plan to shift Crown Post Office services into the High Street retailer.

Winchester residents first greeted the news last year with dismay but only now are they being given chance to have a say on the issue. The Post Office has kicked off a period of public consultation, which ends on **March 27**.

Prospective Winchester MP, **Steve Brine** said; "I think it is wrong for local Post Office customers and for those of WH Smith. You only have to look inside Smith's to see two into one just won't work here. All hell will break loose on pension day each week!"

YOU CAN WRITE DIRECT TO:

Philippa Wright, National Consultation Manager,
Post Office Ltd, c/o National Consultation Team,
PO Box 2060, WATFORD WD18 8ZW by 27 March

Prospective Conservative City Councillor, **Robert Sanders** added; "The Post Office has been its own worst enemy. Having procrastinated over the start of this consultation period, they now face a local and loyal customer base more determined than ever to have their say about this."
